Voting	Pohl, Coombs, McLaughlin, Camp, Welch				
Alternates	Thornewill				
Recused	None				
Documentation	Landscape design plans, site plan, photos, and advisory comments.				
Representing	Linda Williams, for Tom Hanlon, Hanlon Landscaping				
Public	None				
Concerns (1:04)	<p>Williams – Reviewed project; he submitted a clearer version of what’s going on; fence in front of parking only is being removed with rest remaining.</p> <p>Backus – No new HSAB comments; their main concern was regarding the fence and need for information on the fence; driveway off Orange Street is typical.</p> <p>Coombs – Asked if the Cherry tree being removed for the parking is a town tree (no). Asked if the brick walkway will fill the whole front with brick (no).</p> <p>Camp – Suggested the brick be broken up with a strip up the middle of something more natural.</p> <p>McLaughlin – No comments.</p> <p>Welch – His questions have been answered and concerns addressed.</p>				
Motion	Motion to Approve with the running bond in the driveway to be perpendicular to the sidewalk and through staff with a median strip of Goshen Stone. (Coombs)				
Roll-call Vote	Carried 5-0//Camp, Welch, McLaughlin, Coombs, and Pohl-aye			Certificate #	HDC2020-12-2485

3.	Patricia Wright 12-2481	10 Cherry Street	Rooftop solar	55/383.1	Cotuit Solar
Voting	Coombs (acting chair), McLaughlin, Camp, Welch, Thornewill				
Alternates	None				
Recused	None				
Documentation	Architectural elevation plans, site plan, photos, historic documentation, advisory comments, and manufacturer spec sheet				
Representing	Karen Alence, Cotuit Solar				
Public	None				
Concerns (1:19)	<p>Alence – Battery system for the basement pump is to be powered by solar; Ms. Wright disputes the old historic district (OHD) demarcation line and asked for confirmation; she is south of the OHD line; offering to plant a tree to block the view from Bear Street; the roof was just reshingled grey.</p> <p>Camp – Asked if she will plant an evergreen (yes). No concerns.</p> <p>Thornewill – Agrees with Ms. Camp, the tree would block any view of the panels.</p> <p>McLaughlin – If you know what you’re looking for, you’ll see the back of the house from Bear Street.</p> <p>Welch – Asked that the evergreen be a cedar.</p> <p>Coombs – Think the visibility from Bear Street is very minimal especially with another tree planted.</p>				
Motion	Motion to Approve through staff with the planting of a cedar to block the view from Bear Street. (Camp)				
Roll-call Vote	Carried 5-0//McLaughlin, Thornewill, Welch, Camp, and Coombs-aye			Certificate #	HDC2020-12-2481

Voting	Pohl, Coombs, Camp, Thornewill			
Alternates	None			
Recused	None			
Documentation	Architectural elevation plans, site plan, and photos.			
Representing	Bill McGuire, Nantucket Architectural Group			
Public	None			
Concerns (1:28)	<p>McGuire – Per previous concerns, changed the pavilion to a pergola; it could be natural to weather.</p> <p>Camp – She would be okay if the pergola is natural to weather.</p> <p>Coombs – No concerns with it being natural to weather.</p> <p>Thornewill – Agrees.</p>			
Motion	Motion to Approve through staff with the pergola natural to weather. (Coombs)

5. Shlosser FT 12-2565	6 Elbow Lane	Add parking	73.2.4/31	McMullen + Assoc.
Voting	Pohl, Coombs, McLaughlin, Camp, Welch			
Alternates	None			
Recused	None			
Documentation	Landscape design plans, site plan, photos, historic documentation, and advisory comments.			
Representing	Nathan McMullen, McMullen & Associates.			
Public	None			
Concerns (1:31)	<p>McMullen – Reviewed changes made per previous concerns; fence and shower to the east will be applied for.</p> <p>Backus – SAB did not see revisions but were concerned with the amount of additional parking. Zoning bylaw requires that on a paved road, the driveway must have an apron; because this is parallel and narrow, it would have to be paved.</p> <p>Camp – It looks like this is a pull off for a small to medium car; her problem with these swoop-ins is the shell will scatter; suggested cobblestone or brick instead. Okay with the new design. This little lane has a lot going on at certain times of the day; trying to back out of a perpendicular spot would be asking for trouble.</p> <p>Coombs – Asked that the edges be rounded rather than so angular.</p> <p>McLaughlin – Clarified the project.</p> <p>Welch – He doesn't support this; a perpendicular spot would be more appropriate for this historic, tiny street. They could rotate it and put it anywhere with a 10-foot opening. He understands the concern of backing out, but the answer is to back into the parking. Asked where she parks now. Asked if the round-out would extend the 20 feet (no).</p> <p>Pohl – There are requests to change the surface, round the corners, and turn it perpendicular to Elbow Lane.</p> <p>McMullen – The surface is up to the HDC. We can round the corners. Turning it perpendicular, there is a 14-foot opening already approved by the Planning Board from 1998 and she prefers not to cut off the two structures with parking. Not sure where the previous owner parked, probably across the street.</p> <p>Discussion about the material for the parking.</p>			
Motion	Motion to Approve through staff with rounded corners and the material to be running-bond brick framed in a soldier course brick. (Coombs)

6. Paul Piccirillo 10-2053	6 Baltimore Street	New dwelling	60/106	Val Oliver Design
Voting	Pohl, Coombs, McLaughlin, Camp, Welch			
Alternates	Thornewill			
Recused	None			
Documentation	Architectural elevation plans, site plan, photos, and advisory comments.			
Representing	Paul Piccirillo, owner			
Public	Linda Williams, MAB			
Concerns (1:50)	<p>Williams – MAB did not see the new design.</p> <p>Welch – The motion on this was to hold for additional information, which is not part of the packet. He feels this should be held for that additional information to be submitted.</p> <p>McLaughlin – He wants to view this</p> <p>Pohl – That would also allow it to go back to MAB for review.</p>			
Motion	Motion to View and Hold for the additional information requested at the last hearing and to go back to MAB for review before the next HDC review. (Welch)

7.	William Scannell 12-2446	119R Eel Point Rd	New dwelling	33/17.1	BPC
Voting	Pohl, Coombs, McLaughlin, Camp				
Alternates	None				
Recused	None				
Documentation	Architectural elevation plans, site plan, and photos.				
Representing	Joe Paul, BPC				
Public	None				
Concerns (1:58)	<p>January 4th minutes indicate sitting and speakers different; discussion about who is sitting.</p> <p>Paul – Reviewed changes made per previous concerns; this sits 300 feet from the road and is screened with vegetation.</p> <p>Camp – Front pediment, the capitals go higher than the eaves holding up the porch roof. That pediment isn't connected to the roof; asked that the porch fascia be brought down to connect with the porch roof. Really likes the roof walk, which could be longer; it gives it a sweeter tone than the cupola.</p> <p>Coombs – There shouldn't be so much glass in the front door, which should be simpler and more traditional; also, would rather not have 5 ganged windows over the front door.</p> <p>McLaughlin – The cupola should be removed, it's too much. Front door should be a standard 6-panel door or eliminate the sidelights; the dormer over the front door should have only 3 windows; run the fascia straight through eliminating the arch over the front door. Rear elevation, too much glass on the 1st-floor; reduce the 4 doors to 2 doors.</p> <p>Pohl – There's not a lot of support for the cupola.</p>				
Motion	Motion to Hold for revisions. (Coombs)

8.	Nineteen Pond View NT 10-2112	19 Pond View Drive	New guest house	81/26	BPC
Voting	Pohl, Coombs, Camp, Welch				
Alternates	None				
Recused	None				
Documentation	Architectural elevation plans, site plan, and photos.				
Representing	Joe Paul, BPC				
Public	None				
Concerns (2:15)	<p>Paul – Reviewed changes made per previous concerns.</p> <p>Coombs – Appreciates the changes. Believes this will be difficult to see and the revised proposal will fit in.</p> <p>Camp – Agrees; likes the silhouette of the north elevation. The number of buildings on this lot is disturbing even if you can't see them.</p> <p>Welch – Appreciates the fact that by breaking down and spreading out the buildings it is preferable.</p>				
Motion	Motion to Approve as submitted. (Coombs)

Recused	None				
Documentation	Landscape design plans, site plan, and photos.				
Representing	Joe Paul, BPC				
Public	None				
Concerns (2:20)	<p>Paul – Reviewed changes made per previous concerns; the cabana design has not been approved; the building envelop is dictated by a 50-foot setback for a wetland; the application shows the pool at 18X40 but will reduce it to 18X36 with the northwest corner of the patio rounded.</p> <p>McLaughlin – No comments.</p> <p>Thornewill – The pool is very large at 18X36; it's not visible so is approvable.</p> <p>Coombs – Doesn't think this will be visible; understands now why it was all built on the highest spot of the lot. Would prefer the pool hardscaping corners be rounded off to fit into the area better.</p> <p>Camp – The way the stone is rendered, it looks oversized; would like the size of the pool area shaved off and the pool reduced.</p> <p>Pohl – None of this is visible.</p>				
Motion	Motion to Approve through staff with the pool reduced to 18X36 and rounding the northwest corner of the terrace. (Camp)
