V. NEW BUSINESS (03/23/2021)				
Property owner name	Street Address	Scope of work	Map/Parcel	Agent
1. Darrell Ferguson 03-3151	28 Main Street, Sias	Pool and hardscape	73.3.1/47	Linda Williams
Voting	Pohl, Coombs, McLaughlin, Camp, Oliver			
Alternates	Welch, Thornewill			
Recused	None			
Documentation	Landscape design plans, site plan, photos, historic documentation, and advisory comments.			
Representing	Linda Williams			
Public	None			
Concerns (4:41)	<p>Williams – Presented project; eliminating driveway gate for now.</p> <p>Backus – Read SAB comments: pools are not in historic context and change character; not small; question proposed gate location and not in character with Main Street; 3-foot wall is very modern. This is a historic structure.</p> <p>Oliver – Bluestone cap on the wall is undesirable. We’re looking at a plan that doesn’t exactly represent what’s being applied for. Don’t have prevue over what we can’t see. Would like the white driveway gate eliminated until we have more information on it. Natural to weather fencing is okay but the slats seem close together. The wall is called out at 28” but shown as 36”.</p> <p>Coombs – Asked them to consider reducing the size of the pool. Doesn’t see why the patio has to be set so high and the wall shouldn’t have a cap.</p> <p>McLaughlin – Nothing to add.</p> <p>Camp – Doesn’t want to set a precedent on Main Street ‘Sconset for pools and vegetative screening.</p> <p>Pohl – The elevation of the raised stone patio is 43.5” and top of the wall is 45.25” from grade; it’s a sitting wall. Agrees with Ms. Oliver; it’s regrettable someone wants a pool in this area; however, it’s not visible and screening is in keeping with ‘Sconset.</p>			
Motion	Motion to Approve through staff without the country gate and bluestone cap, and to be screened in perpetuity. (Oliver)			
Roll-call Vote	Carried 3-2//McLaughlin, Oliver, and Pohl-aye; Coombs & Camp-nay	Certificate #	HDC2021-03-3151	
2. Douglas Self 03-3267	3 Martins Lane	Fence and hardscape	42.3.2/133	Ahern
Voting	Pohl, Coombs, McLaughlin, Camp, Oliver			
Alternates	Welch, Thornewill			
Recused	None			
Documentation	Landscape design plans, site plan, photos, and advisory comments.			
Representing	Miroslava Ahern, Ahern Design, LLC			
Public	None			
Concerns (5:04)	<p>Ahern – Presented project; driveway currently Belgium block and cobble.</p> <p>Backus – Read HSAB comments: existing Belgium block paving with grass has a nice look; too much brick; asked about outdoor lighting; keep existing driveway material.</p> <p>Oliver – Appreciates the brick patio in the back. Likes the bluestone stepping stone to the back yard. Suggested keeping the front of the driveway as is and the strip going back can also be bluestone; okay with the brick but there’s a lot.</p> <p>Camp – The picket fence should remain white along the road. Okay with all else. The concrete sidewalk needs to change.</p> <p>Coombs – Okay with the driveway apron being brick. The low picket fence along the driveway should also be white.</p> <p>McLaughlin – This is compatible as submitted.</p> <p>Discussion about replacing the sidewalk with old-looking concrete.</p>			
Motion	Motion to Approve through staff with the picket fence painted white and the old concrete sidewalk to remain. (McLaughlin)			
Roll-call Vote	Carried 4-1//Coombs, Camp, McLaughlin, and Pohl-aye; Oliver-nay	Certificate #	HDC2021-03-3267	
3. Roberta Brown 03-3153	9 Beach Street, Sias	Studio	73.1.3/24	Topham Design
Voting	Pohl, Coombs, McLaughlin, Camp, Oliver			
Alternates	Welch, Thornewill			
Recused	None			
Documentation	Architectural elevation plans, site plan, photos, and advisory comments.			
Representing	Joe Topham, Topham Design			
Public	None			
Concerns (5:20)	<p>Topham – Presented project; will put a cedar cover over the electrical box and have approval to move the existing shed.</p> <p>Backus – Read SAB comments: simple form and refreshing; north elevation electrical box should be covered.</p> <p>Oliver – The south elevation gable window should be a double hung.</p> <p>Camp – Asked if the downspouts are on Beach Street (no). Would prefer the gable windows be 6-over-6 double hung. West elevation, the ganged windows don’t read as old and should be separated and 6-over-6 double hung. Door looks narrow.</p> <p>Coombs – Agrees with what’s been said about the windows. The door should be one panel wider.</p> <p>McLaughlin – The plans are scaled at 1/8” and should be scaled at 1/4” (looking at the reduced version).</p>			
Motion	Motion to Approve through staff with gable 9-lights to be 6-over-6; widen front door; and large casements windows to be separated 6-over-6 windows. (Coombs)			
Roll-call Vote	Carried 5-0//Oliver, McLaughlin, Camp, Coombs, and Pohl-aye	Certificate #	HDC2021-03-3153	

4. Karli Hagedorn 03-3263	34 West Chester Street	Replace windows/roof	41/31	Normand Residential
Voting	Pohl, Coombs, McLaughlin, Camp, Oliver			
Alternates	Welch, Thornewill			
Recused	None			
Documentation	Architectural elevation plans, site plan, photos, historic documentation, and advisory comments.			
Representing	Ben Normand, Residential Design			
Public	None			
Concerns (5:34)	Normand – Presented project, circa late 1940s-early 1950s. Backus – Read HSAB comments: appropriate and consistent; want true-divided light (TDL) windows, okay with Green Mountain. No concerns.			
Motion	Motion to Approve. (Oliver)			
Roll-call Vote	Carried 5-0//Coombs, McLaughlin, Camp, Oliver, and Pohl-aye	Certificate #	HDC2021-03-3263	
5. Erin Wilson 03-3208	8 East Dover Street	Hardscape	55.1.4/27	Alexandria Cashion
Voting	Pohl, Coombs, McLaughlin, Camp, Oliver			
Alternates	Welch, Thornewill			
Recused	None			
Documentation	Landscape design plans, site plan, photos, and advisory comments.			
Representing	Allia Bishop			
Public	None			
Concerns (5:37)	Bishop – Presented project. Backus – Read HSAB comments: brick more prevalent for aprons, no Belgium block; apron should be brick to match the sidewalk and be consistent with the neighborhood. Oliver – Agrees with HSAB about the apron being brick. McLaughlin – Everything as applied is appropriate to the area.			
Motion	Motion to Approve through staff with the apron to be brick. (McLaughlin)			
Roll-call Vote	Carried 5-0//Coombs, Oliver, Camp, McLaughlin, Pohl-aye	Certificate #	HDC2021-03-3208	
6. Erin Wilson 03-3179	8 East Dover Street	Deck	55.1.4/27	Alexandria Cashion
Voting	Pohl, Coombs, McLaughlin, Camp, Oliver			
Alternates	Welch, Thornewill			
Recused	None			
Documentation	Architectural elevation plans, site plan, photos, and advisory comments.			
Representing	Allia Bishop			
Public	None			
Concerns (5:42)	Bishop – Presented project. Backus – Read HSAB comments: keep railing at existing height, not 36". No concerns.			
Motion	Motion to Approve as submitted. (Oliver)			
Roll-call Vote	Carried 5-0//Coombs, Camp, McLaughlin, Oliver, and Pohl-aye	Certificate #	HDC2021-03-3179	
7. Jasper N.T. 03-3152	80 Millbrook Road	Pool, pave, and hardscape	40/79.1	Edgewater
Voting	Pohl, Coombs, McLaughlin, Camp, Welch			
Alternates	Thornewill			
Recused	Oliver on break			
Documentation	Landscape design plans, site plan, photos.			
Representing	Paul Cronin, Edgewater			
Public	None			
Concerns (5:45)	Cronin – Presented project; pool will have an autocover Camp – No concerns. Coombs – Where the pool is located, asked about visibility of the pool. The locus map is too small. The street labeled Unknown is publicly traveled. Welch – His only concern is potential visibility from across the pond. The area south of this is also conservation land. No visibility from Madaket or Millbrook roads. The approval should include screening of visibility from the conservation land in perpetuity. McLaughlin – Due to its remote location, he has no comments. Pohl – The property between the pool and Millbrook is conservation land.			
Motion	Motion to Approve with visibility of the pool to be screened from any public way, including conservation land, at time of inspection and in perpetuity. (Coombs)			
Roll-call Vote	Carried 5-0//McLaughlin, Camp, Welch, Coombs, and Pohl-aye	Certificate #	HDC2021-03-3152

Public	None				
Concerns (5:56)	Williams – Presented project. No concerns.				
Motion	Motion to Approve as submitted. (Coombs)				
Roll-call Vote	Carried 5-0//Thornewill, Camp, McLaughlin, Coombs, and Pohl-aye			Certificate #	HDC2021-03-3212
9.	17 Avenue RT 03-3260	17 Lincoln Avenue	New garage	30/118	Botticelli + Pohl
Voting	Coombs (acting chair), McLaughlin, Camp, Oliver, Thornewill				
Alternates	Welch				
Recused	Pohl				
Documentation	Architectural elevation plans, site plan, photos, and advisory comments.				
Representing	Lisa Botticelli, Botticelli & Pohl				
Public	None				
Concerns (5:59)	Botticelli – Presented project; Exhibit A incorporates HSAB comments. Backus – Read HSAB comments: many windows too wide or wrongly proportioned; garage lights need adjusting; south windows mixed up; adjust windows for vertical pane sizes and 1 st -floor south elevation window should be taller than 2 nd -floor windows. Camp – The 12-light windows should be 6-over-6 working double hung. Oliver – No concerns; it reflects the building being removed. The spider windows are on the main house Thornewill – South elevation will be visible from the street; it's cute and simple. McLaughlin – West elevation, the spider window is not appropriate; should be a 4-light window. Coombs – The west elevation spider window faces the house and won't be visible.				
Motion	Motion to Approve Exhibit A as submitted. (Oliver)

Public	James Wilson, owner			
Concerns (6:26)	Wilson – Explained why he wants solar; doesn't want to lose the right skylight. Carruthers – Presented project, natural screening exists. Oliver – Thinks some will be visible but that's okay, SW side, asked if the left side panels could be moved to the right side. The left side is most visible to Bartlett Road. Another suggestion would be to move the left top panel down on the roof. Camp – Would like them all in a pattern that isn't so asymmetric; suggested putting them all on the right side and removing the skylight to make that possible. Coombs – Asked what the left empty roof is (it's the deck). Agrees with Ms. Camp. McLaughlin – Agrees with what's been said.			
Motion	Motion to Hold for revisions. (Coombs)			
Roll-call Vote	Carried 5-0//Oliver, McLaughlin, Camp, Coombs, and Pohl-aye		Certificate #

Representing	Tim Carruthers, ACK Smart			
Public	None			
Concerns (6:37)	Carruthers – Presented project; property is heavily screened and doesn't think it will be visible from the golf course; roof is grey asphalt. McLaughlin – There is a possibility to see it from the course, but he has no concerns due to its location. Welch – Agrees with Mr. McLaughlin, this is on the back of the home. Camp – She's a little concerned about visibility of the south and upper west elevation panels, especially the west elevation. If she could see a photo proving it isn't visible from the golf course, she'd support this. Coombs – Might want to have the roof color changed. Suggested viewing again.			
Motion	Motion to Approve based on the fact this meets our guidelines with the west elevation panels being on a secondary mass and other panels are on the rear and conditioned that when the roof is reshingled, it be to black. (Welch)

Documentation	Architectural elevation plans, site plan, photos, historic documentation, and advisory comments.				
Representing	Linda Williams				
Public	None				
Concerns (6:47)	<p>Williams – Presented project; windows in the rear are not original; front to go to Essex green to match the shutters; wants to replace the two windows in the rear with a single smaller window.</p> <p>Backus – Circa 1870; dormer added later. Read HSAB comments: dormer would look plain without shutters; asked if rear windows are original; keep the shutters and rear windows if old.</p> <p>Oliver – Okay with the dormer going to natural to weather but agrees with HSAB about keeping the shutters. The windows to replace those in rear should match the existing pane size; wants a window survey on the two windows being removed and the exact size of the replacement window.</p> <p>Coombs – Noted that the middle windows only have one shutter; there's room for two. Okay with changing the rear addition windows with a window the same size as those in the front dormer.</p> <p>McLaughlin – Okay with removing the shutters or replacing the missing shutter.</p> <p>Thornewill – Okay with the changes on the front but agrees the shutters should remain. Okay with the rear change.</p> <p>Pohl – The rear window would be the size and type of dormer windows. The shutters should remain.</p>				
Motion	Motion to Approve through staff with no change to the rear addition side windows and keeping the dormer shutters and replacing the two missing shutters. (Oliver)

Concerns (7:05)	<p>Webster – Presented project; could pull the east side of the patio 4 feet from the property line to allow more plantings; don't know the landscaping plan at this time.</p> <p>Backus – Read SAB comments: recommend reducing the east side of the patio; there is a lot of hardscaping.</p> <p>Oliver – Agrees with SAB about reducing the patio.</p> <p>Coombs – The paving around the pool should be changed so that it doesn't fill up the lot. Asked about plantings.</p> <p>McLaughlin – No comments at this time.</p> <p>Camp – Pulling it off the east line would be beneficial. It would be a shame to have rows of Leland Cyprus to screen this.</p> <p>Pohl – He's satisfied that removing 4 feet of east side of the patio would be good.</p>				
Motion	Motion to Approve through staff with removal of 4 feet of hardscaping from the east side of the patio. (Camp)

Concerns (7:16)	<p>Paul – Presented project; rear railing details are existing; visibility from the harbor is a long way; there are cupola details in the area; the rear deck can't be seen unless you're in the yard or from a great distance.</p> <p>McLaughlin – It's compatible to the neighborhood; the only thing is the cupola, which isn't appropriate for a house; front door should be a more typical design.</p> <p>Camp – Okay with the cupola if the window panes are more vertical; doesn't want the cupola to look too skinny and should have shingles rather than corner boards.</p> <p>Oliver – The changes are positive but has concern about the rear deck being extended 20 feet; if it's approved, it should be with a caveat.</p> <p>Coombs – That rear deck has to come in to at least the second porch post. Front elevation right, the ganged window shutters couldn't work so either remove the shutters or make them work. West elevation, asked why the 2nd-floor window is being removed (it's a fake window). The cupola should be more acceptable.</p> <p>Pohl – Suggested making the cupola narrower to make the panes more vertical. The rear deck is way too large and needs to be pared back.</p>			
Motion	Motion to Hold for revisions. (Coombs)

Concerns (7:32)	<p>Bencat – Presented project; Southwest faces conservation land; not visible; upside-down house; 29' from grade; trim Nantucket grey, sashes white, roof natural to weather cedar.</p> <p>Coombs – North elevation right gable, the triple-ganged windows should be separated to fill the space; same with the left gable and dropped so header level with other. West elevation the south staircase should turn back. South elevation, could reduce the left 2nd-floor deck. East elevation, stairs are too long.</p> <p>Thornewill – Asked the length (91'). Out there, it's wide open with scrub brush and will stand out at 29' tall and 91' long. The design is good. If one of the masses is turned, it won't read as long. Fenestration is good and it's simple. Agrees the stairs are too long.</p> <p>Camp – This looks like a hotel; too tall and massing too massive with no additive massing; the staircase is too grand for Tom Nevers. This has to be scaled down. The roof lines are too "continuous."</p> <p>McLaughlin – No comments.</p> <p>Pohl – Agrees this is very large: it's all 2 stories; west elevation has a 46-foot long roof at 29'; it needs to be reduced.</p>

Concerns (7:46)	<p>Bencat – Presented project, about 1100 sf and 25'6" tall and 49X35.</p> <p>Coombs – As a guesthouse it should be no more than 24' tall. There is no additive massing and has all the same issues as the main house; it has more decking than the main house. There is room for it to come down with 1-story elements. There are too many ganged windows.</p> <p>Thornewill – This looks like a main house. Suggested bringing down the 2nd-floor top plate; the gable massing is very wide. West elevation, the 2nd-floor doors look very tall. Its size needs to be reduced.</p> <p>Camp – Nothing to add.</p> <p>McLaughlin – The 2nd floor will be visible.</p> <p>Pohl – As a guesthouse, this is too big.</p>

Public	Val Oliver, Oliver Design			
Concerns (7:55)	<p>Kaizer – Presented project; not visible from Nobadeer Avenue or Surfside Road; will be coming back for landscaping; ridge is 42' long and 27' from grade; white sashes and trim with pewterwood architectural roof.</p> <p>Oliver – This is on a continuation of a paper road that cuts through to Surfside Road, it is not the section going to the beach.</p> <p>Camp – The front doesn't look like an Nantucket house; lacks additive massing; it's a box with two "rocketships." The massing should be broken up.</p> <p>Coombs – Front elevation is not suitable for this area; this area is rural, and this is too formal. All the 2nd-floor windows are ganged. The white sills and trim is not appropriate for the area. Needs additive massing.</p> <p>McLaughlin – No comments.</p> <p>Welch – Given its location and lack of visibility, he's surprised by the discussion. There is a similar property and design out toward Tom Nevers. Appreciates it's less than 28' tall.</p> <p>Pohl – Visibility will be limited at best and the design is benign.</p>			
Motion	Motion to Approve through staff with the front door and sidelights to be a standard configuration. (McLaughlin)

Concerns (8:07)	<p>Oliver – Presented project; 27'4 tall; 27'5"X45' gambrel; rear faces the rear of 6 Nobadeer Avenue; white trim and sash, charcoal grey roof, and Hamilton blue door; north is front, south is rear, right is east, and left is west.</p> <p>McLaughlin – This is a compatible looking house.</p> <p>Coombs – The front door two bottom sidelights should be a bottom panel.</p> <p>Camp – No concerns.</p> <p>Thornewill – Okay with this. The side elevations have a 1st-floor roof overhang that aren't reflected on the front and rear.</p> <p>Pohl – The 1st-floor overhang not showing on the front and rear implies the 2nd and 1st floors aren't in the same plain. The side roof of the gambrel should be eliminated but have the eave run across.</p>			
Motion	Motion to Approve through staff with eliminating the little roofs shown on the left and right elevations in favor of just the eave running across; add the beam under the front entry roof; and the half sidelights to the lock rail. (McLaughlin)
