Recused	Thornewill				
Documentation	Architectural elevation plans, site plan, and photos.				
Representing	Luke Thornewill, Thornewill Design				
Public	None				
Concerns (5:22)	Thornewill – Presented project. Oliver – Asked where the addition when looking from the road (right). It's darn unusual but reflects what's there. Coombs – Thinks this is well done for a difficult but worthy building. Camp – There is no other way to add onto this without taking away from the existing structure.				
Motion	Motion to Approve as submitted. (Coombs)				
Roll-call Vote	Carried 3-0//Oliver, Camp, and Oliver-aye			Certificate #	HDC2021-12-5325
5.	NIR/Andy Maltby 12-5394	Straight Wharf	Transformer surround	42.3.2/15	Robert Newman
Voting	Camp, Coombs, Oliver, Thornewill				
Alternates	None				
Recused	None				
Documentation	Architectural elevation plans, site plan, photos, historical documents, and advisory comments.				
Representing	Robert Newman, Sandcastle Construction Inc.				
Public	None				
Concerns (5:28)	Newman – Presented project; this is the first of 13 transformers, and they need to access them, which is easier using vertical board; there would be a removable panel for access. The transformers have an issue with corroding. Backus – HSAB didn't review this. It's unique in the old historic district (OHD); suggested instead of vertical board to use shingles so it blends in with other structures on the wharf. Oliver – If it were shingled, wonders if it would still work because parts have to be accessible. She wants to see the others before they are similarly screened. Natural-to-weather vertical board is better than what we see now. Thornewill – She thinks vertical board is appropriate; it's not a structure you go into. Coombs – We are stuck with them. Suggested that if they go with shingles, there be a proper door. Camp – Simple is best; thinks shingles might end up too busy.				
Motion	Motion to Approve this one only. (Oliver)

Roll-call Vote	Carried 4-0// Oliver, Thornewill, Coombs, and Camp-aye			Certificate #	
2.	Matt O'Connor 12-5371	16 Tashama Lane	Rev. 5429: as-built turn shed	55/481	KM Designs
Voting	Camp, Coombs, Thornewill				
Alternates	None				
Recused	Oliver				
Documentation	Architectural elevation plans, site plan, and photos.				
Representing	Katy Mitchell, KM Designs Linda Williams				
Public	Gregg Tivnan, 13 MacLean Lane				
Concerns (5:41)	Mitchell – Presented project; the shed is approved and built; the rotation is an as-built condition. Only the spa, retaining wall, and turning the shed have not been approved. Tivnan – Nothing to add about the shed; it would have been nicer at the other end of their property, which abuts everyone's back yard. Concerned the noise from the equipment will bounce off the shed into his yard. Coombs – Asked if the shed could be moved up to the spa end of the pool.				
Motion	Motion to Approve as submitted. (Coombs)				
Roll-call Vote	Carried 2-1//Thornewill and Coombs-aye; Camp-nay			Certificate #	HDC2021-12-5371

3. Matt O'Connor	16 Tashama Lane	Add spa & retaining wall	55/481	KM Designs
Voting	Camp, Coombs, Thornewill			
Alternates	None			
Recused	Oliver			
Documentation	Landscape design plans, site plan, and photos.			
Representing	Katy Mitchell, KM Designs Linda Williams			
Public	Gregg Tivnan, 13 MacLean Lane			
Concerns (5:47)	<p>Mitchell – The fence was previously approved. Presented the project.</p> <p>Williams – The fence is inside the property line along the west; there is existing vegetation. There is a massive drop in grade between this lot and 13 MacLean and 18 Tashama; the grade is level with to 14 Tashama. The wall dies out going toward 14 Tashama.</p> <p>Tivnan – The highest point of the wall is right on our patio. It's a very unneighborly design and disingenuous to say it's the only high point and then blends in.</p> <p>Thornewill – She was concerned about the fence along the north and south sides not having plantings; the entire perimeter fence needs to come in 4 feet so there is room for plantings on the outside. She has no concerns with the spa; the retaining wall is an as-built, which is egregious set on the property line. To mitigate that, pull the fence in 4' from the wall to create a space for plantings along the property line. She's driven slowly by this; the fence is on top of the retaining wall with no vegetation; 3' in would soften it.</p> <p>Coombs – She'd like to see a site a plan showing the fence and 13 MacLean and 18 Tashama so we can understand where everything in relation to the neighbors' structures. The fence is important because it's a large structure along Tashama.</p> <p>Camp – The problem started with putting the retaining wall on the property line.</p>			
Motion	Motion to Hold for Tuesday, January 11th for a site visit and further description of the west wall. (Coombs)			
Roll-call Vote	Carried 3-0//Thornewill, Camp, and Coombs-aye		Certificate #

Motion	Motion to Hold at applicant's request. (Coombs)			
Roll-call Vote	Carried 4-0//Coombs, Oliver, Thornewill, and Camp-aye		Certificate #	
5. Rufio Ack Holdings	09-4567	93 Main Street	New Gate	42.3.3/17 JB Studio
Voting	Camp, Coombs, Oliver, Thornewill			
Alternates	None			
Recused	None			
Documentation	Landscape design plans, site plan, photos, historical documents, and advisory comments.			
Representing	Juraj Bencat, JB Studio			
Public	None			
Concerns (6:18)	<p>Bencat – Reviewed updated information requested per previous comments.</p> <p>Backus – The “East Brick” is individually significant circa 1837-1839; the historic photo is from 1870s and shows a solid gate similar to the proposed. It would be great for the new gate to match the existing. Questions the proposed natural-to-weather wood fence going to 6'; recommends it remain natural to weather.</p> <p>Oliver – Appreciates the historic photo. Her concern is how the 6' fence would translate to the posts with gate.</p> <p>Coombs – The fence should remain the height it is and natural to weather. Doesn't like the solid gate; it's heavy and harsh.</p> <p>Thornewill – Agrees with Ms. Backus that consistency between the Bricks would be nice; the natural-to-weather fence should not rise above the new gate. Likes the existing design but solid is historic.</p> <p>Camp – Wants the fence no more than 5' tall and natural to weather. As far as the gate, agrees the more detailed fence goes with the style of the structures.</p>			
Motion	Motion to Approve through staff with the side yard fence to be natural to weather at no more than 5' and transition to the gate post, and the 5'2" gate to have 1' of balusters at the top. (Oliver)			
Roll-call Vote	Carried 4-0//Thornewill, Coombs, Camp, and Oliver-aye		Certificate #	HDC2021-09-4567

Documentation	Architectural elevation plans, site plan, photos, historic documentation, and advisory comments.			
Representing	Ethan McMorrow, Ethan McMorrow Design Associates			
Public	None			
Concerns (7:20)	McMorrow – Presented project.			
	Backus – HSAB hasn't reviewed this. This is a 1768 typical Nantucket; asked it be held for HSAB review. The south elevation and the dormer will be visible. We should have a window survey to discern the ages; they would typically be 6-over-6 on a structure of this design and age. The name of the window manufacturer should be included on the application.			
	Thornewill – Appreciates the shed roof; the French doors should be more historic with kick panels.			
	Oliver – It's generally okay. Asked if the 4, ganged, south-elevation windows will be visible through the arbor from the street (no). Does want to hear what HSAB has to say.			
	Coombs – This is very old and needs to be preserved; the French doors should have kick panels to be more in keeping with this historic structure. Wants to hear what HSAB has to say about the dormer.			
Motion	Motion to Hold for HSAB review. (Oliver)			
Roll-call Vote	Carried 4-0//Coombs, Thornewill, Oliver, and Camp-aye		Certificate #

Voting Camp, Coombs, Oliver, Thornewill
 Alternates None
 Recused None
 Documentation Architectural elevation plans, site plan, and photos.
 Representing Andrew Falkenstein, Concise Design
 Public None
 Concerns (8:15) **Falkenstein** – Presented project; rear addition is not visible from the street; there are no shutters on the house. No change to the garage door.
 Backus – The garage door is drawn different from the photo.
 Oliver – This is appropriate. North elevation, the gable dormer windows should be taller; they look squat with too much space above them.
 Coombs – Agrees with Ms. Oliver. The shutters should come off; they make the front overly busy.
 Thornewill – The north elevation dormer configuration is atypical, but this area has funky elements. Agrees about raising the window headers in the gable dormers. The dormer on the garage seems large.
 Camp – On the back, the French doors should be 10 lights; it might be a better pattern.

Motion **Motion to Approve through staff with the shutters on the north removed, the gable dormer windows taller, and change the rear French doors to 10 lights. (Oliver)**
 Roll-call Vote Carried 4-0//Coombs, Thornewill, Camp, and Oliver-aye Certificate # **HDC2021-12-5372**
