Alternates	None				
Recused	Oliver				
Documentation	Architectural elevation plans, site plan, and photos.				
Representing	Val Oliver, Val Oliver Designs				
Public	None				
Concerns (1:22)	<p>Oliver – Presented project: white trim & sash, Nantucket grey door, and black architectural shingles; doesn't believe it is visible from the bike path due to existing vegetation.</p> <p>Backus – Read SAB comments: simple design, north elevation 1st-floor left narrow window too narrow but probably not visible; west elevation picture window with sidelights are very narrow and could be visible.</p> <p>Thornewill – North elevation faces Milestone Road; though there is a lot of stuff between the road and house, the skinny windows could be "H" windows; the dormer with the two tiny windows might be visible from the bike path. East elevation, the front door is atypical; suggested a 4-light front door; the doors and windows don't match.</p> <p>Welch – If the north elevation narrow windows are visible, they should be changed; if not visible, it's okay.</p> <p>McLaughlin – North elevation deck should be no more than 8 feet deep. This could be approved due to lack of visibility with minor change.</p> <p>Dutra – No comments.</p> <p>Camp – She thinks the narrow windows might be drafting errors. The foundation seems too high (that's a deck). Agrees with Mr. McLaughlin about bringing the deck in to 8 feet. She'd like to see this again with the changes and corrections.</p>				
Motion	Motion to Approve through staff with the west elevation 2nd-floor deck cut back to 8 feet; change front door; and change the narrow windows to "H" windows. (McLaughlin)

 Concerns (1:55) **Webster** – Presented project; it’s open toward the pool.
Backus – Read SAB comments: no concerns.
Oliver – Its proportions are off with a huge roof over a nano-structure and it could be lower.
Camp – 19 feet is high for a cabana; would like the height reduced.
McLaughlin – This has 4 walls, 3 windows, and no door.
Coombs – Height should come down to 16 feet. The gable window is not necessary. It has a lot of windows for just a wall.
Pohl – The ridge normally runs the longer length; this ridge runs the short length; if you switch that, the height could come down.

Backus – Read HSAB comments: need info on size/color of vent, prefer copper. Want clarification on the age.
Coombs – The vent shouldn’t sit that high; drop it down and/or move toward the corner.
McLaughlin – East elevation, gas vent could be boxed in with wood.
Camp – No concerns.
Oliver – No concerns.
Pohl – Sounds like we need more information on the vent: can it be dropped, copper okay.

Documentation	Architectural elevation plans, site plan, photos, and advisory comments.			
Representing	Adam Davis, J.G. Goldsmith Architects			
Public	None			
Concerns (2:12)	<p>Davis – Presented project; it isn't an old house, it's a great candidate for a move.</p> <p>Backus – Read SAB comments: concerned about not being incorporated into a new design and not wanting it to go into the landfill, it would be nice to incorporate the existing pool into the new design; unfortunate and not sustainable demolition.</p> <p>Discussion about demolitions not being sustainable and finding a way to reuse structures.</p> <p>Coombs – Suggested denying the demolitions and asking for proposal reusing the two structures.</p> <p>Camp – Agrees with Ms. Coombs; this could be the only way we make a statement about demolitions.</p> <p>McLaughlin – It's better to move than demolish.</p> <p>Thornewill – Asked if there is a way to tie the existing to the "new dwelling."</p> <p>Oliver – The issue of demolitions is bigger than this board.</p> <p>Pohl – Thinks it is a legally untenable position to deny the demolitions since the house has no historic value. This is a large building, so they would need to find a site to move it too without running into problems with wires and trees. Given the discussion, suggested holding for more information and further discussion.</p>			
Motion	Motion to Hold all three 9 Hawks Circle projects for further review and more information. (Coombs)

Concerned about the amount of fencing.</p> <p>Camp – She'd like to view this; she's concerned about visibility of the pool from Winn Street.</p> <p>Oliver – No concerns.</p> <p>Coombs – She wants to view this; she's confused about the location and concerned about visibility through the hedge.</p> <p>Pohl – He doesn't think the pool will be visible from Winn Street.</p>
